Site Owner: ZBL Bartlett LLC  
Street Address: 24–28 Bartlett Street, Brooklyn, NY  
Block 2272, Lot 6  
OER Site Number: 18CVCP068K

**Project Description:** A new 7-story, 12-unit residential building with a full cellar and concrete capped rear courtyard has been constructed at the Site.

The building's footprint occupies approximately 90% of the lot, with the remaining area consisting of concrete capped rear yard areas. The cellar (2,848 SF) consists of a sprinkler room, compactor room, plumbing room, gas meter closet, electrical room and open space. An unfinished cellar space is present behind the occupied cellar space. The 1<sup>st</sup> floor consists of 5,562.5 SF and contains a residential lobby and mail area, restrooms, storage and mechanical space, a recreation space, stairways and elevators. A 3,331 SF parking area within the 1<sup>st</sup> floor level is equipped with 5 parking spaces and 6 bicycle storage spaces. The 2<sup>nd</sup> through 7<sup>th</sup> floors consists of residential apartments.

Remedial excavation of a 6 ft by 5 ft area surrounding RI soil boring SB4 was performed to a depth of 6 ft to remove a PCE hot-spot area. The top of the new building's 24-inch concrete mat slab was installed at a depth of 6 ft below grade. Therefore, the area of the cellar was excavated to a minimum depth of 8.5 ft below grade, with sloped excavation from grade to 8.5 ft below grade performed along the rear cellar wall, and southern half of the eastern cellar wall.
